Pharmacy Formulary Change Notice

BlueCross BlueShield of Western New York Medicaid is here to help you stay on top of your health care. We want to remind you about some changes to your Preferred Drug List (PDL) as of 2020.

Your PDL is a list of preferred drugs covered by BlueCross BlueShield Medicaid. A group of doctors and pharmacists check the PDL to make sure the drugs you're taking are safe and effective.

| Effective for all members in 2020 | | |
|-----------------------------------|-----------|--|
| Medication | Changes | Your doctor may change it to one of these preferred drugs: |
| BD INSULIN SYRINGES | PREFERRED | N/A |
| BD PEN NEEDLES | PREFERRED | N/A |

What does this mean for you?

Some medications you take may no longer be preferred. You'll need approval from us to continue to get these medications.

What should I do if I use a nonpreferred drug?

Talk with your doctor to see if you can change to the new preferred drug. If your doctor says you can take the new preferred drug, ask them to write a new prescription for you. You and your doctor have the final say in your care.

Things to remember:

This doesn't change which pharmacy you go to or where you get your care.

If your doctor writes a prescription for or says you need to keep using a nonpreferred drug, he or she will need to get approval from BlueCross BlueShield Medicaid first by calling 1-866-231-0847.

Your health is important to us — that's why we have our experienced team of doctors and pharmacists regularly review this list to keep you safe and healthy.

Questions? Call Member Services at 1-866-231-0847 (TTY 711), Monday through Friday from 8:30 a.m. to 6 p.m. Eastern time.
